In the case of a special election a voter's application must be delivered or post marked at least 10 days before the Special Election Day. (The voter must live in the Special Election District).

How To Register – [Registration form - English](#)

To register to vote, you must fill out in blue or black ink a voter registration application and send it to the Board of Elections or personally deliver it to one of our offices. The registration application must have the original signature on it. It cannot be faxed.

In 2002, the United States Government enacted into law the “Help America Vote Act”, (HAVA) which requires that any first time voter registering must provide some additional identification. The law requires that the voter provide his/her Driver's License or Non-Driver ID number, the last four digits of his/her Social Security Number, or a bank statement, utility bill, etc. This only pertains to new voters who are registering for the first time as of 2003.

The Voter Registration Application has been changed to request this identification information.

If, however, these forms of identification are not provided when a person registers to vote the Board will send a letter to the first time voter asking the voter to provide forms of required identification information.

If you would like an application mailed to you, call the Board at 212-VOTE-NYC (868-3692) or 1-866-VOTE-NYC. Applications are also available at all Department of Motor Vehicle offices, public libraries, post offices and many other government agencies.

Voter registration in New York City is permanent. However, to assure that your registration remains valid you must notify the Board of Elections in the City of New York of your new address whenever you move, or if you change your name. This can be accomplished by completing a new voter registration form with updated information and returning it to Board of Elections in the City of New York.

PARTY AFFILIATION

Party Affiliation in New York State:

The voter registration application contains a section where you can indicate your choice for party affiliation. If you would like to register without designating a party, simply mark the space indicating “I do not wish to enroll in a party.”

The new registration applications list the Parties with ballot status, which as of 2010 are:

- Democratic
- Republican
- Conservative
- Working Families
- Independence
- Green
- Other_____
- I do not wish to enroll in a party

Any other group may be written in under other (write in) and we will enter up to the first 15 characters of that name into the registration system.

Generally, a person who chooses “other” or “I do not wish to enroll in a party” cannot vote in a primary election.

Party Affiliation and the Primary System

In most party primary elections, only voters enrolled in one of the parties qualified to hold a primary in New York City may vote to nominate their party’s candidates to run in the general election.

Candidates nominated by the parties for each office then appear on the general election ballot, along with any independent candidates who successfully petitions to gain access to the general election ballot without running in a party primary.

Voting in Party Primary Elections

Because a primary is strictly a party election, only voters enrolled in one of the parties conducting a primary may participate in that party’s election, unless a party’s rules

otherwise provides. All registered voters are eligible to vote in General and Special Elections.

To Change Your Party Affiliation

You can change your party affiliation by indicating the change on the voter registration application and sending it to the Board of Elections in the City of New York. We will process the change and send you a new voter card reflecting the change in party. You can change your enrollment; however, you will not be able to vote in a primary in the NEW PARTY of your choice in the same year.

Please note: A change of enrollment will go into affect one week AFTER the next November general election. The last day to change your enrollment is the same as the last day to register for the general election. (25 days prior to the general election).

KEEPING YOUR REGISTRATION CURRENT

What the Law Says

Your residence address determines the particular contests in which you are eligible to vote. Because of the role that addresses play in the electoral system, **New York State law requires voters to notify the Board of Elections within 25 days of an address change to preserve their voting rights.**

To Make Changes to Your Registration

You must notify the Board of Elections in the City of New York, in writing, to make any change to your registration. You may make the change on a voter registration application and send the completed voter registration application to the Board of Elections in the City of New York.

Controls for Keeping the Registry Current

The Board of Elections in the City of New York has procedures to keep the list of registered voters current. In conjunction with NCOA (National Change of Address) System, the Board of Elections matches its list of registered voters to a United States Postal Service list of person who have moved. This program is run periodically by the Board of Elections in the City of New York. This data, which is provided by the United States Postal Service, indicates to the Board, those registered voters who have moved within the state or out of the state. To those voters, the Board will send a Confirmation Notice to verify whether or not the voter has moved and update the list accordingly.

In August of every year, an Information Notice is mailed to every active registered voter in New York City giving him/her the dates of the upcoming elections, their ED/AD, poll site, election hours, etc. Those persons whose notice is returned to the Board of Elections in the City of New York as undeliverable, are then sent a Confirmation Notice so they can verify either

- a) That they have moved; or
- b) Sign an affidavit stating that they did not move.

If they have moved within the New York City, they must notify the Board of Elections in the City of New York. They can fill out a voter registration application and indicate that this is a change of address.

ABSENTEE VOTING

Absentee voting is available for:

- Registered voters who cannot make it to their poll site on Election Day because they will be outside the City of New York on Election Day (i.e. Primary/General/Special).
- If you are awaiting sentencing, or incarcerated for a misdemeanor charge you may vote by absentee ballot. However, if you have been convicted of a felony, you lose your right to vote.
- If you are ill, disabled, or in a hospital or long-term care facility, you may vote by absentee ballot.

There are two options for New York City voters wishing to cast an absentee ballot.

1. Vote in person at your Board's Borough office, prior to Election Day.
2. Vote by mail.

In-Person Absentee Voting

In-person absentee voting begins as soon as the absentee ballots have been certified and are sent to the Borough Office. Absentee voting in person ends the day before Election Day.

In-person absentee voting is conducted during the above period, at the Board of Elections' Borough Offices. The hours are 9:00 A.M. to 5.00 P.M. Monday through Friday and on the weekend prior to Election Day.

Check the Board of Elections in the City of New York's website for a list of dates pertaining to each election.

By-Mail Absentee Voting

Requests for an absentee ballot sent by mail must be in writing and must reach the New York City Board's office no later than the seventh day before an election. [Absentee ballot applications](#) can be obtained from the Board of Elections in the City of New York.

The absentee ballot application must include the following information:

- Name
- Address on voter registration application
- Mailing address (if different)
- Reason for requesting absentee ballot application

- The Type of Election (Primary, General, Special) and the date of the Election
- Signature

To be counted, the voted absentee ballot (and completed application form) must be postmarked by the day before Election Day and must reach the Board of Elections in the City of New York no later than seven (7) days after the election.

Using an Absentee Ballot

When you receive an absentee ballot read the directions that are printed on it. You will note that the correct way to mark your ballot is to fill in the ovals above or next to your choices. Do not write or make any other marks on the ballot. The only time you may write on the ballot is when you want to vote for a person whose name does not appear on the ballot, then you may write his/her name in the write-in box and fill in the oval in that box. If there are ballot questions to be voted on, you will find them on the back of the ballot. Mark your vote by filling in the oval above or next to either “yes” or “no”. The paper ballots are canvassed by scanning them with machines so be sure to follow the directions and mark them correctly.

After marking your votes on the ballot by filling in the ovals next to your choices, fold the ballot and put it in the smaller envelope. Sign and date the back of that envelope. Seal the envelope and put it in the larger envelope that is addressed to the Board of Elections in the City of New York. Mail with sufficient postage or deliver your ballot following the regulations described in the other sections above.

WHERE TO VOTE

Poll sites are located throughout the city. You can vote **ONLY** at your designated poll site. Make sure you are at the correct poll site and Election District/Assembly District (ED/AD) for your address.

Poll sites are open for voting from, 6:00 A.M. to 9:00 P.M.

You can **find your poll site location** by:

- Searching the [Online Poll Site Address locator](http://www.vote.nyc.ny.us) at website: **www.vote.nyc.ny.us**
- **Call** the Voter Phone Bank at 1.866.VOTE.NYC
- **E-mail** your complete home address to us at vote@boe.nyc.ny.us and we'll e-mail your polling place location back to you. (Please put in the subject line the borough in which you reside).

Making the Poll Sites Accessible

The Board has made a concerted effort to increase accessibility at poll sites for senior citizens and voters with disabilities by removing physical barriers at most New York City poll sites.

The effort includes:

- Construction of building ramps or installing temporary ramps for voters with mobility issues;
- Miscellaneous repairs to doors, handrails, light fixtures, and walkways

In some cases, poll sites have been relocated to more accessible buildings. If a poll site has been deemed inaccessible to the voter, a letter is sent to all voters using the particular site. The content of the letter will tell the voter to contact their borough office and request that their voting records be relocated to the accessible poll site with same ballot. The voter can also chose to continue to vote at the site or vote by absentee ballot. By January 2013, all poll sites must be fully accessible.

TDD Service

A Telecommunications Device for the Deaf (TDD) has been installed in the phone bank to answer inquires of any voter with a hearing impairment who has access to a TDD. The TDD Service Number is 212-487-5496.

Permanent Absentee Ballot

Any voter who is homebound or a resident of a long-term care facility can apply in writing to receive an absentee ballot permanently at a designated address. A ballot will automatically be mailed for each election to the voter. The ballot should be postmarked by the day before the election and must reach the Board of Elections no later than seven (7) days after the election.

"How Do Candidates Get On The Ballot?"

In New York State, most candidates get on the ballot by filing a petition containing a specified number of signatures. The required amount varies, depending on the office sought and whether the candidate is seeking a party nomination or a spot on the ballot as an independent. Some candidates are nominated by political committees and conventions.

"Who Can Sign A Petition?"

Only enrolled party members living within the appropriate district may sign petitions for candidates who seek their party's nomination. However, any registered voter living within the appropriate district may sign a petition for a candidate seeking to run as an independent in the general election as long as s/he has not already signed on behalf of another candidate.

"Should I Be Concerned About Signing A Petition?"

Absolutely not! Signing a petition is an important way to participate in the electoral process.

"What Is A Primary Election?"

A primary is an election that may take place within each of New York State's official political parties. It precedes the general election and provides enrolled political party members the opportunity to nominate their party's candidates for elected office as well as to elect various party officials. However, if there is no contest, there is no primary.

"Why Should I Enroll In A Political Party?"

Enrolled party members who help nominate candidates by signing petitions and voting in the primary have greater political clout than non-enrolled voters who can vote only in the general election.

Moreover, you are not obligated to vote for your party's candidate in the general election. In November, you may vote for any candidate from any party.

"How Do I Enroll In A Political Party?"

You voluntarily enroll in any party by indicating your preference on the voter registration form either at the same time that you register to vote or by re-registering or if you have indicated such a change on an Invalid Affidavit Ballot

"If I Register To Vote, Will I Be Called For Jury Duty?"

Jurors are drawn from lists of state taxpayers and licensed drivers as well as from voter registration rolls. Do not give up your right to vote in the hope that you will avoid jury duty. Chances are, if you pay taxes or drive a car, you will still be called. Besides, serving on a jury is a privilege, one that permits you to personally stand up for all Americans' right to a trial by a jury of their peers.

The same rules apply whether you were convicted in a New York court, another state’s court or a federal court.

You do not need to provide any documentation about your criminal record in order to register and vote.
